

NSS School Advisory Committee Letter of Invitation

Date 09/09/2020

New Springs Schools 2410 E Busch Blvd Tampa 33612

Dear Parent/Guardians,

The School Advisory Committee consists of elected parents, staff, community, and administrative representatives. This working committee is involved with developing and implementing our school improvement plan.

We are seeking parents from each elementary building and the secondary building to serve on this school level parent advisory committee. This committee will meet (virtually) with the purpose of meaningful consultation that will support effective parent involvement and strengthen student academic achievement as we all go through unusual times of the pandemic.

The agenda will include an overview of Title I, the goals for the committee and an overview of new programs that are being planned for the 2020-21 school year. Snacks will be served if on campus.

Please contact Mr. Sanan Gajievi at 8139335025 ext.104 or e-mail him at [sanan@newspringsschools.org](mailto:sanan@newspringsschools.org), if you are interested in joining this committee. All are cordially invited. Help us build the future of the New Springs Schools!

Sincerely yours,
